Shaft filters for D, B, Viatop, ACO, GAV...

Shelf life of the activated carbon filter mix is up to 8 years!

Reduces bacterial load in air breathed

Road drains 30/40, 30/50, 50/50, diameter 35

Diameter 35 with variable

Revision sheets

Diameter 75 mm to 400 mm

screw cap

cuff and clamp band

Activated carbon filter mats

rolled or cut

Amphibious siphon for D, B, Viatop, ACO, GAV

Filter systems for building construction from diameter 75 mm to 225 mm

Aquastop and dirt trap D, B

Made of polyethylene with integrated non-rattling ring

chemically resistant, robust, durable

Flap gates/butterfly valves made of polyethylene 45° from Ø75 mm to Ø1200 mm
